

Dear Parents

Swanmore College of Technology Uniform Survey

Thank you to the many parents and pupils who took the time to respond to our 'Uniform Survey' last term. Altogether over 500 responses were received.

Despite a wide range of opinions being represented, the overall weight of responses has clearly indicated that:

- No major changes to the college uniform are desired
- Black trousers for boys and girls would be welcome as would an official college jumper to be worn under the blazer
- Parents realise the need to support a strict enforcement of uniform by the college

A joint governors and college leadership working group will now finalise details of changes for communication to parents before the end of May. Any changes that are made to the college uniform would be phased in during the 2010/11 academic year, to be fully in place for September 2011.

Yours faithfully

Mrs T Baldwin
Chair of Governors, Swanmore College of Technology
