

Swanmore College of Technology Extended Learning Activities

Extension Learning is a valuable extra learning opportunity. It is the policy of the college that extension learning is an integral part of our curriculum, and will be given to all pupils. Pupils will be expected to complete this work and meet deadlines. Form tutors will monitor this on a regular basis. The homework set will match the ability of the pupil.

Extension Learning will be on the Swanmore College VLE. Pupils will be taught how to find the tasks on the VLE. The tasks contain details instructions of what to do and a variety of resources and web links which will help pupils to complete each task. If pupils do not have access to a computer at home they can book and use computers in the Library where paper will be provided if they need to print.
