

Swanmore College of Technology

The College Library

The library at Swanmore will seem much bigger than you are used to at your primary school but we will do our best to make you welcome and help you find your way around. The library houses about 15,000 books, some magazines and newspapers, hundreds of DVDs and has 12 computers linked to the college network and the Internet.

As soon as possible at the beginning of your first term, you will have an introduction to the library so that you find out what the library stocks, how to find it and how to borrow items. The library catalogue is called SearchStar (a more detailed version of Junior Librarian) and can be viewed on the College VLE.

When you come into the library, please put your bag and coat on the shelves provided and do not eat or drink. Please behave sensibly - no running about or shouting!

Should you need a computer for your college work when they are all in use already, talk to one of the staff and we will fit you in as soon as possible. Please note that playing games is not allowed from 8.00-15.00.

The library is open before and after college and during both breaks.

Library Staff

Mrs Wilkins - Library Resource Manager

Mrs Bennett - Library Assistant
