Unifrog – The Complete Destinations Platform

Dear Parent / Carer,

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next steps after Swanmore, we will now be using Unifrog; an award-winning, online destinations platform. All students in Years 9 & 11 have access to this website. An email with the login details was sent via their school Gmail account.

Unifrog is the universal destinations platform and is designed to support learners in making the most informed decisions about their futures and has a range of tools that are suitable for all. Each student has their own account where they can explore all the career and next step options available to them and find information on everything from managing their workload to writing a winning CV. Students have access to a wide variety of video and written content, and interactive quizzes and tests, including:

Students access the platform by clicking a link in their welcome email, where they create a password and can begin using the platform. They sign in to Unifrog using their email address and password and they can do so from any computer, tablet, or smartphone. We would encourage you to use the platform with your child so you can support them through the process of deciding their next step.

You can also have your own Unifrog account. You'll be able to research careers, attend webinars delivered by employers and universities to learn more about their opportunities, and compare pathways so you can support your child in making an informed decision about their next steps. The sign-up code you need is: **SWMCparents** and you can sign up here: [www.unifrog.org/code](http://www.unifrog.org/code). You can also sign up to Unifrog's parent / carer newsletter when you first sign in to get expert advice and guidance on supporting your child with their next steps.
