

## **BISHOPS WALTHAM CHAMBER OF TRADE**

Operators of School Busses

### **BISHOPS WALTHAM CHRISTMAS FAYRE**

**Thursday November 28th 2024**

The Chamber of Trade are organising a Christmas Fayre on Thursday 28th November from 1500 to 2100. The road closure is requested between these times

The road closure covers **The Square**, High Street and Cross Street and of course we must ensure that a path is kept free for emergency vehicles if required which means that Brook Street will need to be used to leave the village in an emergency.

During these times the Square in Bishop's Waltham will not be available for the busses to enter or depart.

As in the past, busses are requested to stop by the entrance to Fox's Garden Machinery located on the B2177 nearest the west side of the bus shelter, to load/unload.

We would be grateful if you could inform the drivers and pupils/parents of this restriction.

Parents waiting in their cars for pupils could possibly use the car park at Sainsburys which is only a few yards from the temporary bus stop.

If you would like further information, can you please contact Barry on 07970710737

Regards, *Barry Nicholson*, Chairman Chamber of Trade
