

M GROUP

Work Experience

At M Group Highways, we carry out highway maintenance, street lighting and civil infrastructure projects across the UK.

In July 2025, we're offering year 10 students a chance to gain an insight into what it's like to work for us. We have the following in-person work experience placement available:

Highways Operative: Hosted at our highways depot in Bishops Waltham, you'll earn from our Operations team and get a chance to go on site visits to see how highways repairs are carried out. All necessary equipment will be provided, including PPE and a laptop.

If you want to pursue a career with M Group Highways following the placement, we'll support you with an application for a Highways Operative Apprenticeship next year.
