

## Eastleigh College Open Event

### Fulfil your ambitions

Come visit us at our next Discover Eastleigh College Open Event on Tuesday 13th June. Ask our tutors your questions and hear from our learners about college life and what their next steps after Eastleigh College are. You will also be able to speak to one of our dedicated Learner Recruitment team members about the application process. We will also have employers from local businesses available on-site for you to talk about apprenticeships within their organisation.

If you would like any further information, advice and guidance on any of our courses or apprenticeships, please contact our friendly Learner Recruitment Executives who will be more than happy to support you.
